

## RATIC/T-MOSAic Community Meeting

Arctic Science Summit Week 2022

26 March 2022, 14:00–18:00 CEST

Tromsø Norway & Online

Sponsored by IASC

# Cross-Disciplinary Approaches to Advancing Sustainable Arctic Infrastructure

SATURDAY 26 MARCH 2022 / 14:00 - 18:00 CEST (GMT+1)

The 2022 RATIC/T-MOSAic community meeting in Tromsø will feature presentations and dialog exploring cross-disciplinary approaches to understanding the impacts of infrastructure and climate change in the Arctic. This half-day hybrid meeting will focus on topics prioritized at past RATIC events: 1) Approaches and recent progress in Arctic infrastructure mapping and monitoring; 2) Arctic community perspectives on infrastructure research and policy needs; and 3) Updates from national and international research initiatives addressing Arctic change, resilience and adaptation in natural, built and social systems. The meeting will be in a hybrid format with options for in-person and online attendance. Agenda times are listed in the local time for Tromsø (CEST). For Greenwich Mean Time, subtract one hour.

## DRAFT AGENDA

- 14:00 Welcome and Introduction, *Peter Schweitzer and Olga Povoroznyuk*
- 14:05 T-MOSAic Update, João Canario
- 14:15 Community Perspectives Keynote
